- Dancers that are not cast in the part(s) of their choice may be cast in an alternative role.
- There are additional fees for dancers cast as a lead, secondary role or as a feature dancer. Rehearsals and fees will be provided when casts are announced.
- While our show primarily focuses on dancing, lead and secondary roles require the dancers to act and play a character while performing. Exuding confidence and energy is important when auditioning.
- All weekly classes participate in the performances. **Auditions are for dancers who want an opportunity at a lead, secondary or feature part.**
- Dancers do not need to prepare anything prior to attending auditions.
