General Audition Info:

- Dancers are to be the age of the role(s) by the show date, June 29th, 2024.
- For levels, your dancer must be in at least one class of the designated levels to audition for that part.
- Dancers that are not cast in the part(s) of their choice may be cast in an alternative role. Please note that due to the nature of auditions, your dancer may not be cast in any role.
- There are additional fees for dancers cast as a lead, secondary role or as a feature dancer. Rehearsals and fees will be provided when cast info goes out.
- While our show primarily focuses on dancing, lead and secondary roles require the dancers to act and play a character while performing. Exuding confidence and energy is important when auditioning.
- All weekly classes automatically participate in the performances. **Auditions are for those who want an opportunity at a lead, secondary or feature part.**
- Dancers do not need to prepare anything prior to attending auditions.
- If you have any questions, please email info@capitoldancecompany.com.
